Unveiling of Stitt at Menara IQ, Tun Razak Exchange, Malaysia, 18 January 2024.

Ushering in our 140th anniversary in Malaysia with the installation of our lion; Stitt at Menara IQ in Kuala Lumpur.

Born in Shanghai and rising to fame in Hong Kong, the lions have played a key role in the bank's traditions for over a century.

They form important symbols of growth and prosperity for HSBC and can be found guarding our offices around the world.

Here are our colleagues welcoming Stitt to his new home.

Our CEO in Malaysia unveiled the lion during a brief ceremony.

The lions continue to serve as tangible symbols of the bank's commitment to our customers here in the country.

Rubbing their paws is said to bring good fortune and prosperity.
