HSBC Malaysia launches Wealth on Mobile

HSBC customers can now securely access their unit trust and investment information on their HSBC Malaysia Mobile App

HSBC Malaysia has recently enhanced its HSBC Mobile App features with a new “Wealth on Mobile” dashboard. With this addition, HSBC customers can now conveniently access and monitor their unit trusts, structured investment, bonds/sukuk and dual currency investments with HSBC on their mobile devices.

The mobile wealth dashboard provides a snapshot of the customer’s wealth landscape with HSBC, allowing customers to review clear and concise account information, activities and investment transactions in an easy-to-read format. The dashboard can be used as reference when customers need to make their next key decisions on their investments.

Jon Chivers, Head of Wealth, Wealth and Personal Banking (WPB), HSBC Malaysia, said: “At HSBC we continue to invest in digital capabilities that will provide our customers a seamless and robust wealth management experience at their fingertips. With Wealth on Mobile, our customers will have a complete view of their investments with HSBC and unprecedented control of their portfolio to build their wealth at any time.”

Using this dashboard, customers are also able to access global market insights and easily make investments in unit trust funds with EZInvest – HSBC’s unit trust investment platform on mobile with a selection of unit trust funds of different asset classes for better diversification.

Wealth on Mobile is another digital innovation that highlights the Bank’s commitment to be the leading wealth management bank in Asia and it is available to all HSBC Malaysia customers with an HSBC/HSBC Amanah Investment Account.

HSBC Malaysia and HSBC Amanah customers who are new to investing can open an investment account in less than 24 hours simply by going to the nearest HSBC or HSBC Amanah branch or by dialing 1300 88 1388.

Note to editors:**About HSBC Malaysia**

HSBC's presence in Malaysia dates back to 1884 when the Hongkong and Shanghai Banking Corporation Limited established its first office in the country on the island of Penang, with the permission to issue currency notes. HSBC Bank Malaysia Berhad was locally incorporated in 1984 and is a wholly-owned subsidiary of The Hongkong and Shanghai Banking Corporation Limited, founding member of the HSBC Group. In 2007, HSBC Bank Malaysia was the first foreign bank to be awarded an Islamic banking subsidiary licence in Malaysia, namely HSBC Amanah Malaysia Berhad. HSBC Malaysia offers a comprehensive range of banking and financial services including Islamic financial solutions. HSBC Malaysia has also led innovation in Malaysia by introducing Malaysia's first ATM and Electronic Touch Banking in the early 1980s. Today, HSBC Malaysia has launched innovative solutions such as HSBCnet for secure banking for businesses, Trade Transaction Tracker and Facial Recognition on supported mobile phones.

The Hongkong and Shanghai Banking Corporation Limited

The Hongkong and Shanghai Banking Corporation Limited is the founding member of the HSBC Group. HSBC serves customers worldwide from offices in 64 countries and territories in its geographical regions: Europe, Asia, North America, Latin America, and Middle East and North Africa. With assets of \$2,959bn at 31 March 2021, HSBC is one of the world's largest banking and financial services organisations.
